# QDB200 series

## Grade 2 Auxiliary Locks

### Applications

The standard duty QDB200 series deadlocks are designed for multi-family, tenant improvement uses such as apartment complexes, retail/store front, office buildings, religious and government facilities and hotels/motels where a stylish yet durable product is required.

### Performance Features

- Tested to significantly exceed the 150,000 cycles required to meet Grade 2 certification.
- Full 1" (25mm) throwbolt with saw resistant hardened steel roller pin.
- Free-spinning cylinder collar prevents against wrench attacks.
- Anti-drill design – two (2) ball bearings inserted to prevent drill attacks.
- ADA thumbturn.
- Compartmentalized packaging allows for quick and easy installation.

### Certifications

- ANSI/BHMA A156.5 Grade 2
- UL/cUL listed (3-hours) for "A" label single door applications (4' x 8')
- UL10C / UBC 7-2 (1997) Positive Pressure Rated
- UL10B Pressure Rated
